- > **UX Leadership** - Management, Design Reviews, UX Strategy
- > **Design Execution** - Wireframes, Prototyping, Visual Design
- > **Cross-platform Experience** - Web, Mobile, Responsive Apps
- > **Motion Design** - Infographics, Animation, Micro-interactions
- > **AI Integration** - AI-driven Insights, Chatbot UX,
- > **Team Management** - Mentorship, Estimations, Task Delegation, Interviewing

## DESIGN TOOLS & PLATFORMS

## PROFESSIONAL EXPERIENCE

- ACCENTURE** ● **User Exp. Associate Manager**  
2017 - Present  
Holistic digital design, plan design efforts & mentor
- PERSISTENT** ● **Senior UI/UX Designer**  
2015 - 2017  
Expertise lies in designing the UX for various products
- COGNIZANT** ● **Visual Designer/Graphic Designer**  
2010 - 2015  
I specialise in designing consistent UI and graphics
- DIGITAL ARTS** ● **Graphic Designer**  
2009 - 2010  
Converting sketches in vector format for comic books

## ROLES & RESPONSIBILITY

- > Work collaboratively with stakeholders to define business needs, priorities, and product features. Develop wireframes, low to high fidelity prototypes, and UI elements to represent processes and functions while establishing project scope and requirements.
- > I utilize project management skills and tools to manage multiple medium-to-large-scale projects concurrently, from analysis through delivery.
- > Provide visually engaging concepts for top management level presentation.
- > I am responsible for conducting technical interviews for candidates specialising in UX, Visual, and Creative design.
- > I lead a creative team in addition to my project, managing deliverables, providing guidance, and conducting estimations.

## ACHIEVEMENTS

- > Quarter-Finalist – Copilot Hackathon - FY25 Q1
- > Accenture Celebrates Excellence recognition - FY20 Q1, FY20 Q2
- > myRecognition | Magic Cabinet Sparkling Stars - FY18, FY21
- > 1st Runner-up Design marathon - FY20
- > Won Global Technology Innovation Contest - FY22 (Team Award)
- > GD Pandit- Best designer of the year - FY15

## PROJECT HIGHLIGHTS

AI-DRIVEN SOLUTION

### FUTURE FRAME

Helping enterprises reimagine work using AI-powered digital experiences

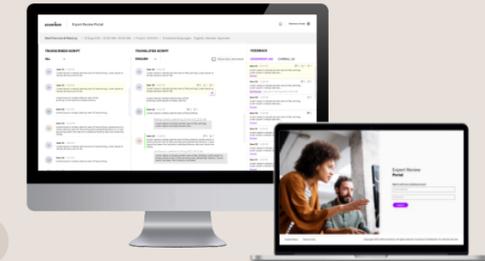

End-To-End Design Solution

- > As part of the UX team, I collaborated with stakeholders to understand goals, review requirements, participate in design thinking sessions, and ensure timely delivery. I contributed to creating intuitive interfaces that support AI-driven insights, digital workflows, and scalable design systems across multiple platforms
- > Enabled AI adoption through user research and iterative design to boost productivity and user experience.

PORTAL DESIGN OF TRANSLATOR BOT

### EXPERT REVIEW PORTAL

Portal helps expert reviewers review translations generated through the translator app.

User Research IxD VD UAT

- > A complete design process for the expert reviewer to evaluate the comments
- > The intuitive UI monitors feedback, facilitates correction of translations, and enables approval or rejection to further improve the application.

INFOGRAPHICS VIDEO

### TELEHEALTH VIDEO

The video demonstrates how the Telemedicine solution uses a Next-Gen collaborative App in Microsoft Teams, a Custom Meeting App in Azure through Azure Communication Services, and an Appointment Web Portal in Azure App Services.
